

Header Support

FRP Crossflow Saddle

The Star Cooling Towers FRP header saddle is designed to fit your distribution system needs. The saddle is CNC machined from vacuum infused products to a high tolerance ensuring proper field fit-up and ease of installation. Saddle sizes vary to fit pipes from 12" up to 72" diameter. Custom sizes and shapes are available based on your design needs. To learn more about this product and other innovative header supports contact your local sales team member.

OEM Replacement Parts

Star Cooling Towers is a complete cooling tower supply company, offering a wide range of products to the cooling tower industry since 1951. Our large selection of quality OEM (Original Equipment Manufacturer) replacement parts are compatible with most models and manufacturers of cooling towers and they offer a high quality, reliable, low-cost alternative to expensive original equipment parts.
